REACH customer information

- Regulation (EC) No. 1907/2006 of December 18, 2006 -

Delivery of nonchemical products

Rohde & Schwarz delivers only nonchemical products.

In addition, the products you purchase from Rohde & Schwarz are not supposed to release any substances under normal and reasonably foreseeable conditions of use. Consequently, the obligations in Article 31 and in Article 32 are not relevant here.

Information about substances in nonchemical products

The candidate list according to Article 59 (1, 10) of Regulation (EC) No 1907/2006 ("REACH") is published at <https://echa.europa.eu/>.

The update of the candidate list is regularly reviewed and evaluated by us. Products containing SVHC substances can be found in the SCIP database, which is provided by ECHA.

If the products ordered by you contain SVHC substances of the currently valid candidate list at the time of order, we will provide you with a corresponding overview of these articles. This document contains the respective SCIP numbers and the respective SVHC substance.

In order to safeguard the supply chain and in the interest of the greatest possible product safety, we also demand and monitor the implementation of REACH on the part of our suppliers. Ensuring REACH compliance is part of our supplier qualification process.

This information has been provided to the best of our knowledge and belief.

If you have any questions, please contact Customer Support at customersupport@rohde-schwarz.com.
