Your benefits: A wide range of certified training courses focusing on practical skills and knowledge, presented by real-world experts.

With a strong focus on your professional needs, the benefits of Rohde & Schwarz courses are clear. We invite you to browse our portfolio of available trainings or contact us directly to find something suitable for you and your team.

Practical knowledge. Experience in-depth trainings – with big emphasis on practical application. Immediately see how things are done, and how to use the test and measurement instruments the most optimal way.

Industry insight. Our courses offer a unique, first-hand insight from working with different certification groups. Always stay updated with the latest technologies and unique requirements.

Real experts. All our courses are held by experts in their respective fields – these are the men and women you can trust. Decades of experience can help with even the most difficult challenges.

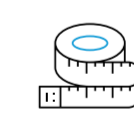

Certified. Courses that meet ISO obligations.

Straightforward. Find what you need from our course portfolio.

Multilingual. A variety of language options are available.

Pragmatic. From web-based to highly tailored on-site trainings.

Flexible. Your time matters – we adjust everything to fit you.
